

Your Opinion

We know from the comments, surveys and focus groups held by the Unified Vision Group that the majority of residents do not want to see our facilities continue to deteriorate.

We are interested in your opinion on how best to accomplish the goals of bringing our clubhouse and pool area up to code and making improvements that will provide a safer and more comfortable environment for our community.

Please take a moment to print and complete this survey. Completed surveys can be returned to the clubhouse and dropped off in Paula Murrays' mailbox (in the hall outside of her office), scanned and emailed to paula@lakeridgefalls.org or sent via the USPS to Paula Murrays' attention. Results will be tabulated on 10/6/17. Every deeded property owner is entitled to complete and return a survey

CIRCLE YOUR ANSWER		
1. Do you support improving our Associations facilities, or continuing to let them deteriorate?	Improve	Deteriorate
2. Do you think that it is better to make improvements now, or ten years from now, when our facilities will be 25 years old?	Now	In ten years
3. Do you think that expanding and refurbishing the clubhouse would more likely increase the value of your home, or keep it the same?	Increase	Same
4. Would you be more likely to use the pool if more shade was available?	More Likely	Same
5. Would you be more likely to attend large social events (such as Holiday Parties, Dinners, Receptions, Films, Guest Performances, Theatrical Presentations, even the Annual Meeting), if more seating were available in the Grand Salon to accommodate everyone?	More Likely	Same
6. Would you be more likely to use the exercise facilities if the room was more spacious, if individual TV's and headsets were provided, and if more space for floor exercises was available?	More Likely	Same
7. Do you prefer (1.) that these improvements be completed now for the benefit of current residents and paid for over the next ten years. OR (2.) that funds be accumulated over the next ten years and the improvements be completed ten years from now for the benefit of the residents at that time?	Complete Now	In ten years
8. Do you prefer that these improvements be completed now at a reduced cost or spread over the next few years at a somewhat higher cost?	Complete Now	Later
