JUNE 2023

A message from your Board...

LTC (R) Lee F. Kichen, President

Dear Members,

New Community Management

Company: The Board of Directors and Pinnacle Community Association Management, at this writing, are close to finalizing a contract that will go into effect in August. The target date for signing the contract is now June 1st.

Security: Community security continues to be a good news, bad news proposition. The good news is the Security Committee, co-chaired by Bernie Pezzimenti and Paul Moretti, is continuing work on a comprehensive mid and long-term security plan. Given their current timeline we can expect a report in August. Oded, Bernie and I met with Allied Universal Security to address the on-going problems at the Tuttle Road gate. In no uncertain terms we expressed our dissatisfaction with the performance of their personnel working that gate. We received a commitment from Allied that they will improve

the training of their employees. At best, the performance of the gate guards has been inconsistent. To hold Allied accountable, please send me detailed emails describing you and your guests' experiences; good, bad, or just plain ugly, at the gate.

Brosche Lake Lane: Another good news, bad news proposition: The good news is the traffic light project is approved. According to the project manager there is some potential bad news. The project manager advised us that drivers wishing to bypass the traffic light will use Brosche Lake Lane which is a private road owned by the Association. He forecasts an increase in traffic at excessive speed. The community must soon address the issue. There are three courses of action, least costly, to most costly:

2. Speed bumps
3. Restricting access to residents only by installing RFID gates.

Flags and Personal Property: The Florida Legislature approved a bill (HB 437) prohibiting homeowners associations from preventing the display of a significant number of flags in addition to a United States flag. These flags include, but are not limited to: Representing the military services, POW-MIA flag, First Responders, Advanced Practice Registered Nurses. There is also language in the law prohibiting homeowner associations from denying residents from storing such items, as, boats, recreation vehicle "...which are not visible from the parcel's frontage or an adjacent parcel..." The ARB is modifying the guidelines in conformance with the bill's language. A few words of irony, June 14th is Flag Day and the Army's Birthday, don't forget to proudly display a U.S. Flag, be it the thirteen-star Betsy Ross Flag or the current fifty-star flag.

Property Manager Report

by Oded Neeman

2022 Financial Audit – We are happy to announce that the 2022 Audit of LakeRidge Falls' financials has been completed and hard copies are now available in our offices. As in the last few years, the audit was performed by Braxton & Holway, P.A., a reputable CPA firm located in Bradenton. It is important to note that Braxton & Holway is a member of both the American Institute of Certified Public Accountants and the Florida Institute of Certified Public Accountants. Braxton & Holway informed the Association that nothing out of the ordinary was discovered and it was said that LakeRidge Falls conformed to generally accepted accounting principles.

2023 Board of Directors – During the Board of Directors' meeting, Dr. Paul Urbanick announced that he decided, unfortunately, to resign from his position on the LakeRidge Falls' Board of Directors due to personal reasons. We are certain all will join us in saying a BIG THANK YOU to Dr. Urbanick who loyally served this community for over 14 months. I want to take this opportunity and personally thank Dr. Urbanick for his hard and dedicated work making LakeRidge Falls the best place to live in. However, there is some good news to share. Thankfully, two members of the community, Mr. Rod Hayden and Mrs. Diane Pezzimenti, stepped forward offering to fill the vacancies following the departures of Dr. Urbanick and Mr. Bob Storc. And indeed, the Board of Directors appointed both Mr. Hayden and Mrs. Pezzimenti to fill such vacancies. Both Mr. Hayden and Mrs. Pezzimenti served on several of the Association committees and thus are great assets and outstanding additions to the Board of Directors.

The following month, the Board of Directors chose its new officers who resigned from their positions on the Board of Directors. Replacing Dr. Urbanick as the Association's President, the members of the Board elected LTC (R) Lee Kitchen. Replacing LTC (R) Kitchen as the Association's Vice President was elected Mrs. Suzi Weinstein.

Thereafter, Mr. Hayden was elected as LakeRidge Falls' Secretary instead of Mrs. Weinstein. Mr. Stu Sutin will continue and serve as the Association's Treasurer while Mrs. Pezzimenti will serve as a Director at Large. On behalf of the community, congratulations to the newly formed Board of Directors and we are certain this will continue to be a successful and productive year.

Association's Character – Very often we speak in great length about LakeRidge Falls' governing documents, the backbone of the community. As such, they set the perimeters for which the Association can operate within. However, they are no more than a set of dry rules. A soulless body if you will. What gives an Association its soul/character/personality is its membership, mainly those who were at its inception. Like human beings whose strongest characters are formed at an early age by their environment, partly of course, also the community's personality and/or character is heavily influenced by those who were here at its early stage. To some extent, and this shall be the last analogy, they are the founding parents of the community who set the tone for years to come.

And why do we bring this matter up? Well, this week we lost what I personally consider a true founding father of the community: Mr. Chuck Tierney. Mr. Tierney was an outstanding member of this community who served many years on the Board of Directors, some as President, led many of the Associations' committees, and headed a few special task groups. To this day, the Association is following many of the policies and procedures set forward by Mr. Tierney. May you rest in peace Chuck and thank you for making LakeRidge Falls an amazing place to live.

Landscape Policy & Process – As all know, the Association was given the responsibility, under Article VI, Maintenance and Repair, 6.1 Maintenance of Lots, (a), of the governing documents, to perform maintenance of all lawns and

Continued on Page 4

initially installed landscaping. To execute its responsibility under Article V and to ensure a consistent Community-Wide Standard for landscape care, the Board of Directors and the Landscape Committee established years ago a policy regarding landscape maintenance and plant material replacement.

Besides providing the mechanism of how one should file a landscape request and thus ensuring requests are addressed in a timely and appropriate manner, the policy establishes a clear set of guidelines on how requests are going to be handled. Does it mean that every landscape request submitted will be addressed based on the resident's expectations? Unfortunately, no.

You see, landscape requests are handled based on their nature considering three factors: overall design, aka, community-wide-standard, nature of the plant, and budgetary limitations. In super simple terms, an action would be taken if an action is deemed necessary based on these three factors. It is important to remember that the landscape contractor, i.e. BrightView Landscape, will only act upon direction from the Association as we provide oversight and coordination of all landscape matters.

Now, let's take a look into these factors:

1. **Overall Design** – As mentioned above, the governing documents speak about the concept of community-wide-standard. The term is defined as: “the standard of conduct maintenance or other activity generally prevailing throughout the community...” The entity that decides what are the standards in the community, as one may guess, is the Board of Directors, of course, based on the recommendations of the Architectural Review Board (ARB) and Landscape Committee. Therefore, residents who wish to have their front yards composed entirely of flowers, as an extreme example, would be denied because it does not fit into the overall design of the front yards in the community as set forward years ago.
2. **Nature of the Plant** - It is not uncommon for residents to submit a request that involves a highly invasive plant, such as Mexican Petunia, or a request to install plant material from residents' home states. Past experiences have taught us, however, that it is very costly to control the spread of invasive species, not to speak about the money invested and lost on plant material that can't handle Florida's drought. Therefore, the Association is using plants it knows are Florida Friendly. In other words, plant material it knows will mature to the desired size, consume less water, and require less maintenance, i.e., mainly pruning and pesticide treatment. This all leads to the next factor which is...
3. **Budgetary Limitations** – The Association has specific line items for landscape maintenance. As one may guess, these funds are not endless, and as such, the Association must ensure only matters that meet certain criteria are addressed. Therefore, residents who desire a larger-sized replacement plant or wish to replace a healthy plant with another may be required to pay for their wish. After all, why should the funds of 398 homeowners, which are designated for the community landscape maintenance as a whole, be used for the personal wants and needs of a single homeowner?!

And why are we bringing this matter up? Because the Board of Directors approved during a recent meeting a recommendation by the Landscape Committee to adopt the revised Landscape Policy and Process. After all, much has changed since the last time this document was revised. Therefore, please

Continued on Page 5

take a moment to read this important policy. You can read it by clicking [here](#) or by visiting the Association website and clicking on the tab called “Policies/Rules.”

Gatehouse & Access Control – We received a few complaints recently from residents regarding the performances of Allied Universal Security Services’ Gatehouse officers, the Association’s security service provider. In general, two issues were brought up: officers who are failing to verify the identity of residents who are using the visitors’ lane, i.e. not asking to see an identification card, and allowing access to unlisted vendors, i.e. ones who are not placed on a resident’s approved list, without calling and thereafter obtaining approval from the resident.

And indeed, Allied Universal’s Post Orders for LakeRidge Falls clearly state that the main objective of the officers is to ensure “strict vehicle access control” to the community. Furthermore, the directives regarding the subject matters are pretty straightforward:

- Residents entering through the Visitor Lane must present a driver's license.
- In the event that the arriving guest is not shown on the resident data screen, the AUS Security Officer must call the resident telephone number listed on the screen to request authorization to allow entry of the guest.

Of course, LTC (R) Lee Kichen, LakeRidge Falls President and the Security Committee liaison, and the Security Committee demanded to correct these matters without delay. Acting on their directive, Mr. Justin Dalrymple, Allied Universal’s Branch Manager, and Mr. Patrick Murphy, Allied Universal’s Client Manager, were on-site on a few occasions addressing these matters. Following a lengthy meeting that took place a few weeks ago, both Mr. Dalrymple and Mr. Muphy ensured all procedures as outlined in the Post Orders will be followed. And indeed, many residents reported to us that a significant change was felt in the way individuals are being admitted into the community.

With the above in mind, we wish to use this opportunity and ask all residents to assist the gatehouse personnel in fulfilling their duties by following these three requests:

- Driver's License – Be ready to present your identification card when using the visitor lane. In addition, please be patient and considerate when asked to present your ID. Remember, it is not such a difficult task to remember 4 to 5 Officers, but a much harder one to memorize the faces of 600+ residents.
- Guests and Vendors – Be proactive by contacting the gatehouse as soon as you are aware of an unlisted guest’s visit and/or an appointment with an unlisted contractor. Also, if a contractor is working on a project that spans more than one day, we urge you to please share this information with the gatehouse. Remember, chances are higher for your guests/vendors to be prevented access, assuming, of course, the gatehouse can’t reach you over the phone, if you fail to announce their arrival ahead of time.
- Phone Numbers – Be sure to update your records with the gatehouse. Following on from the previous point, failing to update your contact information with the gatehouse increases the chances of your guests and/or vendors being denied access.

Continued on Page 6

In conclusion, thank you for bringing such matters to our attention. While the Association is making sure to address all concerns that are brought to its attention without delay, we kindly ask for your assistance with the three points above. Together, we can make sure LakeRidge Falls is a safe and secure place to live.

Rental Listing Scam – My father always says that bad things never get lost as they always find a way back. Same with scammers. As it seems the authorities get rid of one, a new scam finds its way into our lives.

We received a report this week from a long-time member of the community. The member notified us that she came across a rental listing on both Zillow and Hotpads of her next-door neighbor. Knowing her neighbor sold her house a few weeks beforehand, the Realtor who listed the house, and the pictures used for the rental listing are of the same one used for the sale listing, the member wasted no time and notified her new next-door neighbors of this scam listing. While the Manatee County Sheriff's Department could not offer much help on this matter, we were told, the new homeowners made sure to report the matter to the Federal Trade Commission (FTC) and Florida's Attorney General's Office.

On its website, the FTC provides a short, yet complete, account of how rental scams work, how to identify signs of a rental scam, and most importantly how to report scams that are identified. Therefore, please take a moment to read this important information by clicking [here](https://consumer.ftc.gov/articles/rental-listing-scams) or using the following web address: <https://consumer.ftc.gov/articles/rental-listing-scams>. Thank you for your attention to this important issue and as always thank you to all who bring such matters to our attention thus ensuring LakeRidge Falls is a safe and secure place to live in.

Speeding and Stopping – Every so often, the issue of residents who are speeding while driving around the community and or are not obeying stop signs is brought up. The importance of this matter does not need to be mentioned. It is an issue of personal safety. Residents must obey the speed limit requirements and must completely stop at the marked stop signs or before entering a crosswalk or intersection. This is also true to residents' approved guests and vendors. Because this issue involves personal safety, the Security Committee and the Board of Directors wanted to remind the community of their obligations to continue and vigorously enforce this matter. Please, we are asking that you assist us by making sure you and your approved guests and vendors drive slowly and carefully around the community. Thank you in advance for your cooperation and understanding on the matter.

Bocce Courts Patio Umbrellas – Back in February of this year, the Board of Directors approved, after much discussion, the purchasing of four patio umbrellas to be placed at the bocce courts. Attentive to bocce players' needs and with the community wide-standard in mind, four blue patio umbrellas, similar to the ones used at the pool, were ordered from Florida Patio Furniture, a local manufacturer of patio furniture. We are happy to announce that the umbrellas were delivered on Monday. As can be seen in the picture below, the community's outstanding bocce players wasted no time taking advantage of these new additions. As with the pool, we kindly ask all who use the umbrellas to make sure and close them once concluding playing. Thank you in advance for your assistance with this request.

FILE OF LIFE: When Every Second Counts

The Life You Save May Be Your Own!

Medical emergencies *can and do* happen to Lakeridge Falls residents. Are you prepared in the event that you or someone you love needs immediate medical assistance? The **FILE OF LIFE** provides our Manatee County first responders (EMS) a *mini-medical history* posted on the outside of one's refrigerator (held with a magnet). Its visibility and readability ensure that Manatee County EMS can access it quickly when responding to a call. EMS personnel have stated that the information contained in the **FILE OF LIFE** is not only helpful, it is potentially lifesaving.

The image shows a red folder with a white Star of Life logo and the text "File of Life Manatee County Emergency Medical Services". Next to it are two open forms titled "File of Life Manatee County EMS". The forms contain fields for personal information, medical history, and emergency contacts. The text on the forms includes: "Please keep information as up to date as possible. Use a pencil for ease in making changes." and "Do you have a DNR form? Where is it located." and "Do you have a Living Will? Where is it located." and "Religion Preference." and "Emergency Contacts".

The Community Relations Committee urges **ALL** Lakeridge Falls residents to pick up a free, FILE OF LIFE from our Community Manager, Oded Neeman.

Sarasota Funseekers

Oh the places they will go!

Be sure to check out the notebook and map by the Clubhouse Bulletin Board to see the places the bears have gone. So far our residents have taken them to Nashville, Michigan, Germany and even in our pool for a game of water volleyball among other places. One of the bears is going off to Egypt and maybe even Finland!

Everyone is welcome to take a bear along with them and share their travel experiences with fellow residents. The sign out sheet for the bears is located in Oded's office.
