A message from your Board...

Suzanne Weinstein, President

This article marks my last contribution to the Falls Forum as President of your home owners association. When I came on the Board of Directors four years ago, I wanted to make a difference and to make life here at LakeRidge Falls even better than it already was. My initial goal was to make the grand salon available to the chair yoga group, and I was successful in that endeavor and much more. However, no goals would have been met without the help of MANY others. As I have said before, "It Takes a Village", and I have countless people to thank.

Our property manager Oded Neeman has been at my side with sage advice, great experience and creative ideas. He has been a wonderful asset to me and to all of us. I have benefitted tremendously by my partnership with Scott Sims when I served and learned from him as his vice president, and by working cooperatively with him as my vice president. I have been supported and assisted by Diane Pezzimenti, our treasurer. David Danilowitz has listened to my concerns and added his extensive business background to the decision making process. Dorie Parsons has been a great help with her extensive experience in so many fields. Credit must also be given to the previous boards for their solid work, that has placed this community in such a strong position.

This past Friday I attended the reopening of the newly renovated bocce courts. There were many residents in attendance learning about the game, noshing and in general having a fun time. The courts are lovely and an asset to our community, as well as a testament to the hard work of several individuals. These members of the roads and grounds committee saw a need for the entire community, did their homework, got estimates, brought it to the board and celebrated their accomplishments. BRAVO!!!!

The ARB is another group that has been busy. Thanks to their hard work, and refinement of the roof replacement guidelines, many residents are having their roofs replaced. The process has become smooth.

Thank you for choosing me to be your president. I hope I have made a difference.

COMMUNITY MANAGER REPORT - ODED NEEMAN

2025 ELECTION – All members should have received in the mail the Second Notice of the Annual Meeting of the Membership and Election to the Board of Directors. For those who may not be aware, one of the main purposes of the annual meeting, as the name may indicate, is to elect new directors to the Board of Directors. As in previous years, the meeting will take place on the first Thursday in February at 7:00 p.m.

The Annual Meeting will be conducted in-person and virtually:

- **LakeRidge Falls' Clubhouse which is located at 4200 LakeRidge Blvd, Sarasota, FL 34243, and on**
- **Zoom Meeting, Meeting ID: 849 7234 0016, Passcode: 000000**

The terms of Mrs. Suzi Weinstein and Mr. Scott Sims will expire at the Annual Meeting. Two (2) individuals, Mrs. Betty Curry Johnson and Mr. Rod Hayden have submitted their Notice of Candidacy to become candidates for election. This year, there are TWO (2) openings for a two-year term. Nominations for write-in candidates will be accepted from the floor at the meeting.

IF YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON:

- You will need to register when coming to the annual meeting.
- After you register, you will be handed the BALLOT for the ELECTION OF THE BOARD OF DIRECTORS.
- Please do NOT complete the BALLOT for the ELECTION OF THE BOARD OF DIRECTORS until instructed to do so at the meeting since additional candidates for the Board may be nominated from the floor.
- Once the Election of Directors is called for, mark your BALLOT with an X or other clear mark.
- Please remember to vote for no more than two (2) candidates or your ballot will be invalidated. After marking your choice, hand the ballot to one of the Election Inspectors.
- Because the Grand Salon's setting capacity is 90 people, members may be directed to other rooms in the Clubhouse.

IF YOU PLAN TO ATTEND THE ANNUAL MEETING ONLINE OR BY PHONE:

- Because electing nominations from virtual participants is administratively challenging, it is required that you:
 - PLEASE MAKE SURE TO TURN IN A PROXY FORM AHEAD OF THE MEETING
- When signing in to the meeting, make sure to type your full name.
- Because the option of entering one's name when calling into the meeting does not exist, please make sure to advise LakeRidge Falls' Management in advance if you plan on joining the meeting using a phone.
 - NOTE - the Association reserves the right to remove participants during the meeting if it does not or cannot verify the participant's phone number.
- The meeting will be conducted based on LakeRidge Falls' Virtual Meeting Guidelines, which can be found on the Association's website and portal.
- The Annual Meeting will be recorded.

IF YOU DO NOT PLAN TO BE PRESENT:

- Please take a moment to fill out the Proxy Form and:
 - mail it to LakeRidge Falls, Attention: Oded Neeman, 4200 LakeRidge Blvd, Sarasota, FL 34243,
 - scan and email it to PropertyManager@LakeRidgeFalls.Org
- An envelope for mailing the Proxy Form is included as part of this mailing. Proxies can also be hand-delivered to the LakeRidge Falls office. The Proxy Form is used to establish a quorum of

- owners so that business can be conducted at the Annual Meeting. You must submit your Proxy Form if you cannot, think you may not be able to attend the Annual Meeting or plan on attending the meeting online or by phone. If you designate a specific individual as your proxy, please be sure he or she will be in attendance at the Annual Meeting. If you do not assign a specific individual as your proxy, the President of the Association will cast your vote as indicated on your proxy.
- If you submit your proxy and then decide you can attend the meeting in person you will be able to withdraw your proxy at the meeting and participate as described before.

Should you have any questions regarding the Annual Meeting or any of the enclosed materials please contact LakeRidge Falls' management office.

COMMITTEE SIGN-UP – It is not too late so please remember to sign up for one of the committees! If you wish to be considered for any given committee, please write down your name on the sign-up sheet for the committee or committees you are interested in. In addition to the Hurricane Preparedness Group, the available committees are the Architectural Review Board, Budget, Buildings, Community Relation, Landscaping, Pool, Roads & Grounds, and Security Committees. The Board of Directors encourages homeowners and residents to join the different committees as it provides a feeling of ownership and is a great opportunity for you to become active and involved within the LakeRidge Falls community as committees play a vital role in the operation of LakeRidge Falls. The following paragraphs are two example to emphasize this notion.

BOCCE COURTS – As in the past, here is yet another outstanding example of the work and research performed by the Association's Roads & Grounds (R&G) Committee. Because the committee is tasked with overseeing a significant vast amount of land, i.e., 170 acres, the R&G Committee decided, with the Board's blessing, of course, a couple of years ago to divide the committee into five crews. In general, each crew was tasked with a project, researched the subject matter, composed a report, and thereafter presented a course of action to address the issue the crew was assigned to. The R&G Committee would then review the work and recommendations and determine what should be the final recommendations to be made before the Board of Directors.

In the past, we described at great length the work performed by some of those crews, such as the Ponds Crew and Street Light Crew. Today, therefore, we would like to present the hard and dedicated work performed by the Bocce Courts Crew. As many know, the Association has two bocce courts, which are enjoyed regularly by a large group of residents. As with any other amenity in the community, the Association collected reserve funds over the past few years for the time the courts would need to be renovated. Knowing that the ten-year mark was approaching, i.e., the expected life expectancy of the courts, Mrs. Carol Brantley and Mr. Bernie Pezzimenti, members of the Bocce Courts Crew, were tasked with researching and thereafter presenting recommendations regarding how and when to execute such a project.

After many months of research that included site visits and meetings with other communities and various vendors, the crew presented its recommendation to the R&G Committee in March and thereafter to the Board of Directors in May. After much consideration, the Board of Directors accepted the recommendation made by the committee/crew and approved a proposal by Welch Tennis Courts for renovating the two bocce courts, ball holders, and scoreboards. Now, it would be unjust to even attempt and describe the dedicated work and the many hours invested by Mrs. Brantley and Mr. Pezzimenti. A token of their efforts can be found in the presentation, a presentation that speaks volumes, of the Bocce Courts Crew, which is posted on the Association portal under Special Projects.

The reason we share this news is that we are more than happy to announce that after many months of waiting, i.e., an extremely busy schedule, Welch Tennis Courts, a Sun City based tennis, pickleball, and

bocce courts constitution company, started in late December the renovation project and concluded it within a couple of weeks. As can be seen in the pictures, they did an amazing job! A job that would not be possible without the hard and dedicated work of the members of the Bocce Courts Crew.

LANDSCAPING – Here is another example of the importance the committees play in the efficient operations of the Association. If you drove around the Clubhouse recently, it would have been hard to miss the beautiful landscape enhancement work. Well, here is the story behind it.

Back in 2019, the Association undertook a major renovation project, remodeling its amenity centers, i.e., clubhouse, annex, and pool. As part of the project, significant work was done to improve the landscaping in these areas based on the outstanding work and recommendation of the Long-Term Landscape Group. However, a few years passed, and a couple of opportunities presented themselves. First, not all common areas around these amenities were addressed for well-explained reasons, which are too extensive to go into at this point. Secondly, root rots which resulted from poorly drained soil caused some plants to die. Finally, even though they were improved, some of the landscape beds had original plant material from the time the developer built the amenities.

So to ensure that the Association's main focal point remains fresh and appealing, the Landscape Committee, of course, with the Board of Directors' approval, invested three months in researching, planning, and thereafter making a reasonable plan to improve the appearance of the landscape beds surrounding the Clubhouse. Thereafter, the plan was presented to the Board of Directors during its September meeting for further consideration. After some minor "tweaks," the Board of Directors approved the plan not before ensuring the Budget Committee is aware to plan for this expenditure in the 2025 Budget.

Going back to where we started, a few weeks ago BrightView Landscape, the Association landscape maintenance company, was on-site to start working on two out of the four areas identified in the plan. We can go on and on about the work that took place, but as we always say pictures sometimes tell a story much better than us. As with the other example before, a detailed research that took a few months to complete led to an action plan that produced the most efficient results, within responsible financial boundaries, and while ensuring members' best interests. We are certain all will join us in thanking Mrs. Betty Curry Johnson, the Landscape Committee's Chairperson, and the

Landscape Committee for a job well done.

WEEDS – Staying on a related topic, it was very noticeable last month that there was an issue with broadleaf weeds, mainly Spreading Dayflower and Dollar Weed, that were growing on the turf throughout the community. While these weeds were treated back in December, and to make a long story short, BrightView Landscape took ownership of the matter and has been here in the past couple of weeks once again to spray the turf against these types of weeds. We wish to thank residents in advance for their patience and understanding while addressing this issue.

NEWLY REVISED AND REDESIGNED DOCUMENTS – During its December meeting, the Board of Directors approved a package of newly revised and redesigned documents, or more specifically, the forms and policies used by LakeRidge Falls. In simple and very general terms, LakeRidge Falls' forms are used for direction, updating one approved security list, for example, or request/application, obtaining approval from the Architectural Review Board (ARB), again as an example. Policies, on the other hand, are a set of guidelines designed to establish limitations and guidance for behavior and actions, for example for Realtors who wish to list a house in the community.

As one can reasonably conclude, such forms and policies need to be updated now and then for a variety of reasons. In the Association case, the time has come to clear some of the unclear or confusing language and mainly to redesign them to fit into the new rebranding of the Association. Therefore, please take a moment and visit the Association's website and/or portal to view these new documents. We are certain you will find them appealing and easy to use.

SPEEDING AND STOPPING – Every so often, the issue of residents who are speeding while driving around the community and or are not obeying stop signs is brought up. The importance of this matter does not need to be mentioned. It is an issue of personal safety. Residents must obey the speed limit requirements and must completely stop at the marked stop signs or before entering a crosswalk or intersection. This is also true to residents' approved guests and vendors. Because this issue involves personal safety, the Security Committee and the Board of Directors wanted to remind the community of their obligations to continue and vigorously enforce this matter. Please, we are asking that you assist us by making sure you and your approved guests and vendors drive slowly and carefully around the community. Thank you in advance for your cooperation and understanding on the matter.

HURRICANE RELATED DAMAGES – Hurricane Milton left our area leaving a trail of destruction in its path. However, and thankfully, its impact on LakeRidge Falls was limited to property. With this in mind, this unpleasant visit occurred over 3 months ago, which means the time has come to make sure all repairs are completed. Because LakeRidge Falls' Declaration of Covenants, Conditions, and Restrictions, Article VI Maintenance and Repair, section 6.1 Maintenance of Lots (a), states that: "[e]ach Owner must maintain his or her Lot, including all structures, landscaping, and other improvements comprising the Lot, in a manner consistent with the Governing Documents, the Community-Wide Standard, and any other applicable covenants...", homeowners are required to take action in addressing their storm-related damages.

However, storm-related damage poses a couple of challenges. On the one hand, homeowners who wish to repair damages to their properties face limited availability of some products, such as lanai screens, high demand for specific professionals, such as tree companies, and agonizing bureaucracy involving insurance claims. On the other hand, a homeowner association that is bound by governing documents must draw a line of how long it would allow unsightly roof tarps and ripped lanai screens, for example, to exist before taking action to ensure the governing documents are followed.

Therefore, and for the past couple of meetings, the Board of Directors discussed this matter attempting to formulate a solution that takes into consideration the best interest of the community as a whole. After many deliberations and research, the Board of Directors passed during its last meeting a motion to request all homeowners with storm-related damages to rectify these issues within 90 days, which may include complete restoration of all aspects of the property and/or a plan of action. In other words, all homeowners who sustained damages by Hurricane Milton must ensure that they are repaired or addressed by April 10th.

To better assist homeowners, here are three examples of how the above may impact them. First, homeowners who lost some sections of their lanai screen during the storm must replace them by April 10th. Secondly, Homeowners who placed tarps on their roofs must repair the cause of the leak, apply to the Architectural Review Board to replace the roof, or submit paperwork to show an action is being taken to rectify the damage by April 10th. Finally, homeowners who sustained damages to their owner-installed landscape must act on these matters by April 10th.

With the above in mind, we wish to thank these homeowners in advance for their understanding and cooperation in addressing this issue.

TUESDAY, FEBRUARY 25TH 7:00 PM
GRAND SALON

Young nursing student Frances "Frankie" McGrath always prided herself on doing the right thing. But in 1965, the world was changing, and she suddenly dared to imagine a different future for herself. When her brother shipped out to serve in Vietnam, she joined the Army Nurse Corps and followed his path. But soon she became overwhelmed by the chaos and horrors of war. In war, she met and became one of the lucky, the brave, the broken, and the lost. But war was just the beginning. She arrived home to a changed, angry country desperate to forget Vietnam. Although a story of one woman gone to war, it shines a light on all women who put themselves in harm's way and whose sacrifice and commitment to their country has too often been forgotten.

New members are always welcome. Feel free to bring a dessert or snack and a beverage of your choice. Please join us and our discussion leader for the evening, Marge Hehman.
